Hi All.

To those of you that were able to attend the Urban Waters Passaic River Kick-Off either in person or over the phone on Tuesday, thanks so much for your participation! Attached is the presentation that was used at the meeting and the sign-in sheet.

As agreed at the meeting, I will plan on setting up quarterly meetings such that each of the government agencies and the community can have the opportunity to provide presentations on specific activities they are working on currently or plan/hope to work on in the future, so that we can determine the priorities of where to focus our efforts. My hope is that the next one will be scheduled by early January before I go out on maternity leave. In the meantime, Lisa Baron of the Corps and I will work to expand the table I sent around on Tuesday with the ideas shared at the meeting and we will work to bring the additional contacts requested at the meeting into the group.

Thanks again for your participation and if you have any questions/comments/suggestions, please reach out to Lisa or me.

Take care,
Elizabeth
